## ASX Announcement

### 6 January 2026

## Operational Update - December 2025

### KEY HIGHLIGHTS

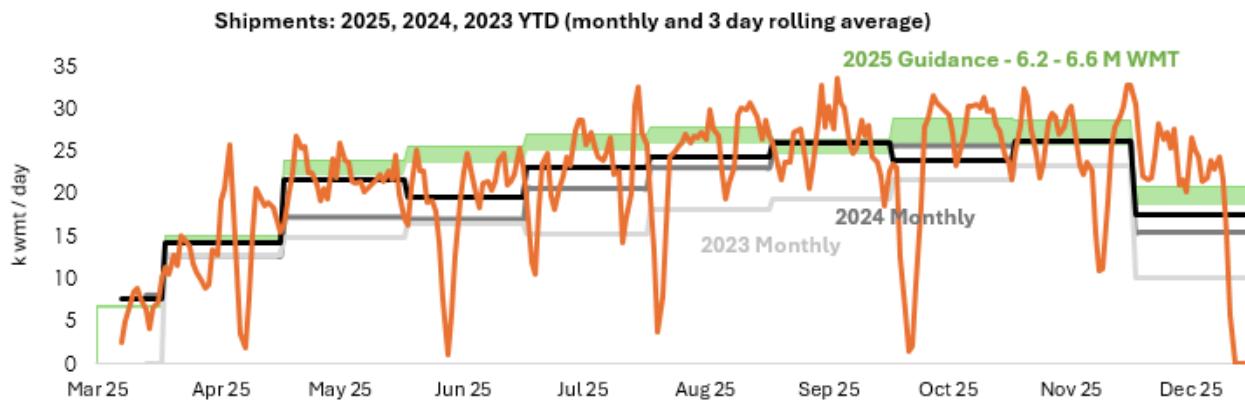

- **543 thousand WMT shipped in December 2025**
- **Record calendar year shipments of 6.2 million WMT**
- **Year-end cash position of A\$57 million**

Metro Mining Limited (ASX:MMI) ('**Metro**', the '**Company**') is pleased to announce that its Bauxite Hills Operation has delivered record calendar year shipments of 6.2 million Wet Metric Tonnes (WMT), achieving the lower end of revised guidance, and a 0.5 million WMT (9%) increase year-on-year.

The December shipping result was 543 thousand WMT, a December record, representing a 16% increase year-on-year, delivered over 23 weather working days. The available shipping window was reduced by 4 days for inclement weather and a 4-day delay in the arrival of the final vessel, almost all at the end of the month.

Mine production ceased on 3 January, with sufficient stock remaining to load the final vessel at anchor which is subject to weather conditions. The wet season planned maintenance program has commenced, which also includes OFT Ikamba's anticipated departure around 20 January for dry docking.

The Company's year-end cash position was A\$57 million, and the senior debt facility was A\$62 million.

This announcement has been approved by the Chief Executive Officer & Managing Director, Mr Simon Wensley.

ENDS.

## About Bauxite and Metro Mining

Bauxite is the ore used to make aluminium, a critical and strong growth metal in the energy transition. Metro Mining is an independent bauxite producer with its 100% owned Bauxite Hills Mine operating on the Weipa bauxite plateau approximately 95 kilometres north of Weipa, near the coast on the Skardon River. Metro Mining produces a high alumina bauxite, shipping direct to customers in very large ore carriers. Metro Mining recognises and has productive agreements with the Traditional Owners of the land on which it operates and is proud of its high percentage of indigenous employees and the economic impact it has in Cape York and Far North Queensland.

## Forward-Looking Statements

This announcement may contain 'forward looking statements' concerning the financial conditions, results of operations and business of the Company. All statements other than statements of fact are or may be deemed to be 'forward looking statements'. Often, but not always, 'forward looking statements' can be identified by the use of forward looking words such as 'may', 'will', 'expect', 'intend', 'plan', 'estimate', 'anticipate', 'continue', 'outlook', and 'guidance' or other similar words, and may include, without limitation, statements regarding plans, strategies and objectives of management, future or anticipated production or construction commencement date and expected costs, resources and reserves, exploration results or production outputs. Forward looking statements are statements of future expectations that are based on management's current expectations and assumptions, but known and unknown risks and uncertainties could cause the actual results, performance or events to differ materially from those expressed or implied in these statements. These risks include, but are not limited to, price fluctuations, actual demand, currency fluctuations, drilling and production results, resource and reserve estimates, loss of market, industry competition, environmental risks, physical risks, legislative, fiscal and regulatory developments, economic and financial market conditions in various countries and regions, political risks, project delay or advancement, approvals and cost estimates.
