## ASX Announcement & Media Release

### June 2025 Quarterly Activities Report

FAR Limited (**ASX: FAR**) (**Company** or **FAR**), provides its quarterly activities report for the quarter ended 30 June 2025.

#### Highlights

- Woodside Energy advised the ASX on 23 July 2025 in its 'Second Quarter Report' that the Sangomar field offshore Senegal achieved exceptional production of 101 Mbbl/d (100%, 81 MBBL/d Woodside share) at 99.6% reliability, with production expected to come off plateau in Q3 2025.
- FAR received a provisional 2024 Contingent Payment from Woodside Energy of US\$11.5 million during the quarter.
- Woodside Energy made an indemnity claim of US\$6,029,899 under the Sale and Purchase Agreement relating to the sale by the FAR group of its interest in the RSSD Project to Woodside in 2021. The claim remains subject to engagement between FAR and Woodside.
- A capital return of 8 cents per share was paid on 12 June 2025 and after the end of the quarter, the Company received an ATO Class Ruling.
- Cash at quarter end was US\$8.2 million (unaudited).

#### Woodside Energy Contingent Payment

As part of the consideration for the sale of its interest in the RSSD Project in Senegal to Woodside Energy, FAR received rights to a Contingent Payment with a maximum value of US\$55 million.

The Contingent Payment comprises 45% of entitlement barrels (being the share of oil relating to FAR's previously held 13.67% of the RSSD Project comprising the Sangomar Field exploitation area of interest), multiplied by the excess of the crude oil price per barrel and US\$58 per barrel (capped at US\$70 per barrel). The crude oil price for this purpose is the simple average of the mid-points of bid and offers for Dated Brent. The Contingent Payment terminates on the earliest of 31 December 2027, three years from the first oil being sold (excluding periods of zero production), or a total Contingent Payment of US\$55 million being reached, whichever occurs first.

Woodside Energy's Second Quarter Report for the period ended 30 June 2025 which was released to the ASX on 23 July 2025 noted the following in relation to Sangomar:

- Achieved exceptional production of 101 Mbbl/d (100% basis, 81 Mbbl/d Woodside share) at 99.6% reliability.
- Production from the Sangomar field remained on plateau for the quarter, with the field expected to come off plateau in Q3 2025.
- Continuing to assess production performance to inform further development.

FAR received in May 2025 a provisional calendar year 2024 Contingent Payment of US\$11.5 million. The payment is subject to the outcome of the reconciliation of the underlying oil entitlement volumes with

each joint venture participant and the Senegalese Ministry of Energy, Petroleum and Mines. Following the reconciliation process, Woodside or FAR must pay the other the difference between the final and provisional amounts.

### Woodside Energy Claim

FAR announced on 28 May 2025 that Woodside advised that the Senegal Ministry of Energy, Petroleum and Mines made a final decision that Woodside is unable to recover petroleum expenditure not directly linked to exploration activities and made a claim against FAR of US\$6,029,899 under the Sale and Purchase Agreement relating to the sale by the FAR group of its interest in the RSSD Project to Woodside in 2021. FAR is continuing to engage with Woodside regarding its claim.

### Corporate

On 30 May 2025, the Company's shareholders approved the capital return (**Capital Return**) of 8 cents per share, returning approximately A\$7.4 million to shareholders on 12 June 2025.

On 2 July 2025, FAR announced that the Australian Taxation Office had published a Class Ruling (CR 2025/44 FAR Limited – return of capital). The Class Ruling confirmed that no part of the Capital Return will be assessable as a dividend. The Class Ruling also confirms that qualifying shareholders will be entitled to treat any resulting capital gain as a discounted capital gain and that certain foreign resident shareholders will be entitled to disregard any resulting capital gain or loss. Shareholders should refer to the Class Ruling for a better understanding of its contents and consult their own tax adviser as to the potential tax consequences for them with respect to the Capital Return.
