**18 December 2025**

KGL Resources Limited (ASX: KGL, "the Company") is pleased to announce the appointment of **Sam Strohmayer MAusIMM FIEAust MAICD** as **Chief Executive Officer**, of the Company.

Sam brings three decades of global mining and metallurgical leadership experience across Australia, South America, and Europe. He has held senior executive roles within Glencore Zinc, including Chief Operating Officer for Australia and Director of Operations in South America, where he oversaw complex mining portfolios, major operational ramp-ups, and strategic divestments.

Most recently, Sam served as **Chief Operating Officer for Glencore Zinc Australia** (Feb 2023 – Apr 2025), where he was responsible for the Mount Isa Complex, McArthur River Mine, Townsville Port and Refinery, and multiple underground and open-cut operations. His tenure was marked by significant milestones, including:

- Successful closure planning and execution of the Mount Isa Copper operations.
- Ramp-up of the George Fisher mine to achieve metal production targets.
- Delivery and commissioning of a new open-cut mining fleet at McArthur River Mine.
- Oversight of joint ventures including NSS (Townsville Stevedoring) and Colinta Holdings.

Sam's career highlights also include:

- Leading Glencore's South American operations across Peru, Bolivia, and Argentina, achieving throughput above nameplate capacity and strengthening tailings dam compliance.
- Driving long-term environmental approvals and Indigenous employment initiatives at McArthur River Mine, where Indigenous participation rose to over 23%.
- Contributing to metallurgical innovation through the development of the novel PBOX process and technical management of major expansion projects.
- International leadership experience as Director of Processing at Lundin Mining in Portugal, successfully constructing and commissioning a polymetallic concentrator.

Sam holds a **Bachelor of Minerals Processing Engineering (Hons)** from the University of Queensland and is a Fellow of Engineers Australia, a Member of the Australasian Institute of Mining and Metallurgy, and a Member of the Australian Institute of Company Directors.

With his proven track record in operational excellence, safety leadership, and stakeholder engagement, Sam will play a pivotal role in guiding the Jervois Project through development and construction and into operations and sustainability.

Sam is based in Darwin and will commence employment on 27 January 2026. KGL will be opening an operations office in Darwin in early 2026 to facilitate stronger government and stakeholder relations. The key terms of Sam's employment are attached.
